Inspired by Norwegian
quartzite, a ceramic stone
dedicated to outdoor projects.

Modellata dalla **natura più estrema**
di una **terra selvaggia**, questa pietra
cristallizzata diventa il materiale ideale
per le **pavimentazioni esterne**.

Shaped by the most extreme nature of a wild land, this
crystallized stone becomes the ideal material for outdoor
flooring.

Façonnée par la nature la plus extrême d'une terre sauvage,
cette pierre cristallisée devient le matériau idéal pour les sols
extérieurs.
